

## JOBS - EURES

# Recruiting in Spain

## The Professional You Need Lives in Spain

OCTOBER 2020

### Does your company need staff?

- Our mission is to help you find suitable candidates.
- Some EEA countries have a shortage of professionals.
- There are plenty in Spain.

### Why Spain?

- Because Spain Europe's number 5 in terms of population and GDP.
- Spanish companies are leaders in international sectors including tourism, civil engineering and construction, telecommunications, renewable energy and banking.
- It's European number 2 for car manufacturing, and fifth in textile production.
- It has an excellent network of world-renowned higher education institutions for training engineers, medical staff and nurses.

### Why you should use EURES Spain services

#### **Extensive experience and good coordination among our advisory team:**

- We're a European network: contact the EURES Service in your country or area, and we'll start working to help your company from Spain.
- Our network has dedicated country teams with extensive recruitment experience, that can help you search for the staff your company needs.
- Local labour market knowledge: We know where and how to find the staff you are looking for in Spain.

#### **Backed by the Public Employment Services:**

- Our employment offices, meeting rooms and facilities are at your complete disposal free of charge.

#### **Extensive and consolidated partner network:**

- A long tradition of cooperation with universities, professional associations and other institutions.
- We can provide visibility for your company at job fairs and other events, both local and national.

### **Expert and reliable matching tools:**

- We have an extensive database of job seekers for international placement purposes.
- We provide pre-selection services for candidates.

### **How to start promoting your job offers:**

- [Contact the EURES advisor in your region.](#)
